

Milton Lancaster Named To Planning Commission

OCEAN BEACH BUSINESS
MAN SUCCEEDS FORMER
COMMISSION PRESIDENT

Ocean Beach was honored and recognized this week by the City administration in the selection of Milton W. Lancaster, Market Basket proprietor, to membership on the City Planning Commission. The City Council, at its regular Tuesday meeting, made the appointment.

Lancaster succeeds Sibley Selow of La Jolla, a former president of the seven-member commission, who had resigned recently because of his private business requiring all his time.

When various local organizations learned last week that there was a vacancy on the commission, immediately the name of Lancaster was suggested and he was drafted for the job. The Chamber of Commerce, the Kiwanis club, the Lions club, also the Woman's club and the American Legion post, all got busy and endorsed the local man.

His appointment gives Ocean Beach the first direct representation in the city government in a number of years. The News is informed.

The appointee is a past president of the Kiwanis club, chairman of the Civic Affairs committee and a director in the Chamber of Commerce, secretary of the Community Civic committee and has been a leader in community affairs here for many years.

Conversion Tries Fail, Giving Game To Colton 14-12

By the margin of two conversions that failed Point Loma High was edged out by Colton High eleven on Ross field Saturday afternoon, the final score being 14 to 12. The Pointers scored one touchdown each in the second and third quarters and Colton one each in the second and fourth frames. Charles Downey, this year's sports editor of Point Loma's student newspaper, The Pointer, provides The News with the following account of the game:

"Early in the second quarter after 'Cooky' Virissimo, Pointer fullback, intercepted a pass by Ronnie Espinosa, Virissimo ran the ball to the Colton 36-yard line. A series of Pointer running plays took the ball to the Colton 6-yard line and Virissimo crashed through an off-tackle play to make the first tally for the (Continued on Page 3)

Legion Auxiliary Advised Americans Must Stay United

By Gordene Loy

"Americans must remain united to meet the challenge of today's conditions," Mrs. Mary Fald, in the absence of Mrs. Winifred Dahlheim, membership chairman, told a meeting of the Clyde A. Wright Unit 433 of the American Legion Auxiliary at the Ocean Beach Woman's club house, Oct. 2.

Urging enrollment of all eligible women, Mrs. Fald read the message from Mrs. Dahlheim:

"The victory of two years ago came because Americans had united their strength for service to their country. The same united effort is needed to solve the many problems growing out of the conflict and to make sure that the freedom so well defended in war is not lost in time of peace.

"Women of Veterans families, especially need to be united for peacetime service. In an organization like the Legion Auxiliary there is much they can do to im-

J. Titlow Begins Work On Building Two Office Rooms

John A. Titlow of the Titlow Real Estate and Insurance Agency began excavation this week for a new office building to front 30 feet on Bacon St. and adjoin his present office building on the south. The new structure will be 18 feet deep, and will house two office rooms.

One office will be for J. P. Frohde for the latter's photographic shop and the other for a collection agency office for both the telephone company and the city's water department, with Mrs. L. E. Brenneman in charge, Titlow reports. Frohde until recently was located for years on Bacon St. in what is now the Fleetwood Pet Shop.

Plan is to complete this building on or about Nov. 15, which should mean that after this date the present building across Bacon St. will be vacated entirely for the payment of electric, gas, phone and water bills. Completion of the new gas and electric building facing on Niagara and just east of the Titlow corner building is expected around Nov. 1.

McElwee, McKinney gave a highly informative and interesting outline of the legal points on "Joint Tenancy, Homestead Rights" and other major items affecting ownership of real property, and following the talk answered a number of questions.

One main change planned for this year's event, which the committee aims to make "bigger and better than ever," is to have the parade finish as well as start at the Elementary school grounds and have the judging and presentation of gifts and prizes at the school grounds. Parade route will be down Newport to Bacon north on Bacon to Santa Monica west on Santa Monica to Abbott, south on Abbott to Newport and east on Newport to the school grounds.

C. C. COMMITTEE BUSY ON PLANS; MEMBERS HEAR REPORTS AND SEE MAGIC

Chamber of Commerce Retail Merchants committee, meeting Wednesday noon, tentatively set the dates of Thursday, Friday and Saturday, Nov. 6, 7, and 8, for what they hope to make the first semi-annual trade expansion "Dollar Days."

Meeting at the C. C. office with Dave Weissmann, chairman, presiding, the committee estimated the cost at \$561 of the advertising plan suggested and agreed that if an approximate 50 merchants go in on the deal that the cost would not range more than \$10 to \$12 each. The committee is seeking to get as near 100 percent co-operation as possible from the local merchants, many of whom have been requesting that the "Dollar Days" plan, which has succeeded in many cities, be tried here.

The advertising plan, as outlined, includes many kinds of publicity, including newspaper advertising, hand bills, sound truck, window banners, car bumper cards and a canvas banner, the last named to be stretched across Newport Ave. at a strategic location.

"Real bang up values will build the community and make 'Greater Ocean Beach Dollar Days' an institution that will be looked forward to," say the committee.

"Each merchant participating is to advertise at least one bona fide bargain. The item does not necessarily have to be a dollar item—it can be under or over a dollar," the announcement reads. Copies of the announcement are being sent to each local merchant, inviting all to participate. Now that Ocean Beach has a complete shopping center, the committee feels that the time is ripe to acquaint all prospective customers in the area with the splendid stores now here for their convenience.

Report by this committee was the main item on the agenda at the October membership meeting, held at the Woman's clubhouse Monday noon. The group also unanimously endorsed Milton Lancaster for membership on the City Planning Commission.

Following the luncheon the members enjoyed an entertainment feature consisting of clever magic presented by Chris Charles of San Diego.

High School Boys Federation Hopes To Sponsor Dances

Commissioner Bill Butcher says The Boys' Federation hopes to sponsor noon dances each Friday on the Terrace. He says other activities for the entire school are under way with this group and will be announced from time to time.

Dozen Clubs Sponsored
Ordinarily Point Loma high students sponsor about a dozen recognized clubs which stem from the various classrooms activities. These organizations meet as extra-curricular and are sponsored by a faculty adviser. Those expected to complete organization this week so they may become affiliated with the school include California Scholarship Federation, Pan-American, Bible, Y-Teen, Boosters, Student Opinion, Science, Job's Daughters, Girls Athletic Association, Girls' League, Boys' Federation, Sea Scouts.

Rummage Sale Planned
All students are assisting the P.T.A. with their Rummage sale scheduled for October 22 and 23. Much of the proceeds may go in assisting the Band to purchase uniforms, according to rumors.

Student Rule Explained
First student assembly for this semester was held yesterday (Thursday, October 9) with the Commissioners explaining in brief talks the function of the student government. This has become a tradition since it seems advisable to familiarize the entire school with its government. Those appearing on the program were David Thompson, general; Bill Butcher, boys' activities; Marian Irving, girls' activities; Dick Rye, finance; Josephine Garcia, girls' athletics; Ed Browning, inter-scholastic; Bob Williams, publications.

Thus.....you'll have to bear with us until Friday, Nov. 21, the issue date nearest the anniversary. This will give us a chance to really dig in and give our readers the kind of a special edition they deserve.

"Shop In Ocean Beach"

THAT'S WHAT!

By Ginny Clark
ERROR !!

Poor Point Loma High lost to Colton High school last Saturday by TWO points. Gee, that hurts, and after so many people showed up to root and give moral support and the Lomanettes put on a big show. We'll just have to do better today as we try and "Stomp Chula Vista."

ACTIVE—SAY

Trez-N's and La Chere's had a big double joint meeting at Janie Bischoff's with the Jokers and Spartans. They are also giving a big bar-be-que Sunday at Lois Anderson's. They and their dates will be dressed as their ambitions. Now that should be interesting.

OUCH—HEY

The Jo's really had Dave Thompson's rumpus room jumpin' Monday night when their stooges, Wallie Gregg and Cedric Durst, got the finishing touches to becoming the new members of the club. I heard reports that they got it GOOD. JO's are having a joint meeting this coming Wednesday, and Saturday night will find all the boys and their dates again assembled at Dave Thompson's for one of those "JO Parties."

RUSHEES

Nee Nee Myer's house was really full of gals Sunday when the Prims entertained their rushers with a bunco party. A few of the dozen being rushed: Patty Smith, Anna Lee Jurly, Geraldine Miller, Arna Newton, Judy Stevenson, Pat Jacobs and "Panny" McKillip.

PIC-A-NC

JO's and Quigs had a "varra-mellow" time at El Monte Park Sunday when the fellas and their dates met up there to play "FEET"ball (tackle at that) and baseball. But talk about eatin'—MAN! they had a BALL. Frank Barner, Ann Odinet, Charlie Sprong, Doris Braden, Bobby Daley, and Barbara Tipton were just a few of the wild cats who were seen.

"LATERAL LEAP"

Well, tonight's the night—the jern't'll be jumpin' at about 8:00 with all the old stuff and some new curves at PL Hi's girls gym with all the trimmings. The kids are expected to be entertained by the top-notch bands of the season at the first dance of the year sponsored by the "Boosters."

LOOK—SEE

Seen who's back??? Tom La Nier and Ralph Mason have come back to the great Ocean Beach after being overseas for a year. They were up visiting their old Alma Mater Monday. Sure is swell to see old friends like that back. How about you, Maggie Mason, whose chief interest lately seems to be Tommy, and Ralph is your brother?

BUSY

The Lomanettes sure are working hard these past three weeks. Besides all the games they have to take part in, they have now been asked to march in the "Elks" parade tonight in San Diego. We really should be proud of these Gals, cause they are now ranked with the three top drill teams.

That's all the gab for this week kids—anyone with 'info' for me just call—Ginny B-8744.

(Editor's note: Most of the teen-age social clubs, such as the Zettz, Trez-N, La Chere, Prims, Vims, Kampus Katz, JO, Quigs, Oaks, Rebels, Mad Katz, Amo's and Rogues, that appear in this column are not sponsored or supervised by school authorities. They are social in nature and operate outside of school under their own informal by-laws.)

Mr. and Mrs. Arnold Dewees of 4637 Pescadero Ave. left last Tuesday for a weeks vacation and are visiting Mrs. Dewees' sister, Mrs. W. Henfler and family in Annapolis, Calif.

**Amputee Vets To
Be Given Special
Parking Privilege**

Ordinance 3508 passed by the City of San Diego offers special parking privileges to World War II veterans (amputees.) The San Diego police department reports it began taking applications for these permits to veterans who qualify under the ordinance Monday, October 6.

Veterans who can qualify may call in person at the San Diego police station (traffic division) and fill out the required forms any time now. The permits will be issued at a later date, after their approval, reports Sergeant Bill Thien, in charge of the Traffic division.

Cub Pack 28 Has Near 70 Enrolled; Tools Are Needed

Nearly 70 boys already have registered in Cub Pack No. 28 for the new school year of activity, Chairman Milton Lancaster of the Pack committee, reported this week. On his committee assisting him are Harold Thoma and Graham Rogers.

"Sponsored by the Kiwanis club, the Pack is without doubt entering its most successful year since its organization," Lancaster stated Tuesday. "Under the splendid leadership of Glenn Smith and his active assistant D. W. Siebert the Pack has kept organized and interested during the past summer by a series of beach picnics, morning breakfasts, hikes, treasure hunts and Indian powwows.

"The Pack is entering the new school year in full strength. In addition to the leaders mentioned there are seven Den Mothers with their assistant Den Mothers, seven Den Dads, six Den Chiefs (from the Scout troop) and a newly organized committee to encourage parental interest in the monthly Pack meetings.

Tools Needed to Teach Boys
"An ambitious program is planned for each Den which includes teaching the use of tools for woodworking, leather craft, art, etc. The citizens of this area are urged to look in their garages and tool chests for surplus tools. If you have an extra hand saw, coping saw, jig saw, wood plane, wood rasp, screw driver, hammer, pliers, scissors, file or chisel, please bring it to the Ocean Beach News office, or call Glenn Smith at B-7330.

Uniforms Also Needed
"An appeal also is being made to former Cubs and their parents to sell their (now too small) Cub uniforms (if in good condition) to a new Cub just starting. Call Mrs. Smith at B-7330, giving the size and what price you ask.

"The public is cordially invited to attend the monthly Pack meetings, which will be held every third Friday evening of the month at the Ocean Beach Elementary school auditorium, except that the October meeting this month will be on Oct. 24 instead of the 17th."

**Adult Education
Classes Mark Up
Record Enrollment**

The class in Spanish at Ocean Beach Elementary school under the instruction of Dr. Ernest Wolf has grown so rapidly, that it has become necessary to offer the course on Tuesday evenings as well as on Thursdays. The class is for both beginners and advanced students. There is still time to enroll. The meeting place is Room 17, which is in the smaller building in back of the main building.

Classes at the Ocean Beach recreation building in Leathercraft and stenciling are also proving very popular.

Point Loma high school is offering the largest adult program in its history. Clothing, English, mathematics, science, Spanish, stencil painting, typing, U. S. history and leathercraft are being offered on Tuesday and Thursday nights.

The popularity of Adult Education offerings is evidenced by the fact that all classes are experiencing unprecedented enrollment.

An adult service has been provided to this community this year. Richard A. Maloney will be in the office of Point Loma high school every Tuesday evening to give information to provide counseling to high school students, and receive requests for new classes. Information may be obtained by phoning B-8167.

**Bank Of America
Manager Announces
Two Staff Changes**

Two changes in the staff of the Ocean Beach branch of Bank of America were announced this week by Rollin E. Reed, manager.

John O. Zahn has been appointed assistant cashier and assistant to the manager and Charles De Joseph has been appointed pro-assistant cashier.

Zahn began his banking career with the San Diego main office of the statewide banking organization in 1936 and has been with the bank since that time except during the war period when he served as Colonel in the Army Air Corps. He replaces A. J. Morse, was recently promoted to manager of the Linda Vista branch.

De Joseph, formerly loaning officer trainee at the Ocean Beach branch, started his banking career in 1925 and joined Bank of America at the Stockton main office in 1928, coming to Ocean Beach in 1946.

Conversion continued

(From Page One)
Pointers. The conversion tried by Gomes was too low.

"In the latter part of the second quarter after receiving a fourth down kick from the Pointers, Colton got the ball on Point Loma's 26-yard line and on passes advanced to the Pointers 3-yard stripe. Espinosa crashed through the middle of the line for a touchdown and kicked the extra point putting Colton ahead 7 to 6 at the end of the half.

"Early in the third period a long run by Right Half Ed Browning advanced the ball to the Colton 2-yard line, where on a through-center smash Virissimo made the Pointers' second touchdown. Again the try for extra point failed, Colton blocking the kick.

"Late in the final frame after an exchange of punts, the Pointer machine again began to roll and was threatening to score when a backfield Loman fumble was recovered by Colton, ruining the home team's chances to win the game. On a series of passes and a Pointer penalty for interfering with a pass receiver the visitors advanced the ball to the Pointer 18-yard stripe. Espinosa scored on an off-tackle smash and again kicked the extra point, making the count 14-12. The defeat was Point Loma's first since 1945 in a regular game."

Play Chula Vista Next
The Pointers game this week is with the newly organized Chula Vista eleven on the Sweetwater High field this (Friday) afternoon.

Lineup for Point Loma was: Taylor, left end; Helm, left tackle; Simmons, left guard; Hanna, center; Keough, right guard; Barner, right tackle; Jones, right end; Hewitt, quarterback; Welk, left half; Takeshita, right half and Virissimo fullback.

Substitutes used by Coach Don Giddings included Uyeda, Browning, Cico, Wilson, Balaskie, Duff, Vonn, Durast, Munt, Pura, Gomes, Broom and Mellison.

Mrs. J. A. Gilbert left Wednesday for a three-month's visit with Mr. and Mrs. J. J. Putt at Kalamazoo, Mich., and plans also to visit friends in Chicago. Mrs. Anna Mulville of Chicago, a former resident of Ocean Beach, has come out to occupy Mrs. Gilbert's home during her absence and is planning to become a permanent resident here. Mrs. Gilbert and Mrs. Putt are sisters.

Mrs. Elizabeth Morin's Life Interwoven With History of Theosophical Society

Many of you readers know Mrs. Elizabeth Morin as the manager of Woodlands, now a 200-acre housing center located on Catalina Blvd. Few, we believe, are aware of the fact that from 1916 to 1942 she taught at Katherine Tingley's Raja-Yoga school, where she was occupied by one of Amer-

ica's most advanced educational systems under the direction and supervision of the Theosophical Society.

Much has been written about Madame Tingley, who as Leader of the International Theosophical Society from 1896 to July 11, 1929, purchased the first 40-acres of this property in 1897, and laid the corner-stone for the future work of the group. One has only to browse through the scrap-books which Mrs. Morin has kept, in which the students are pictured in their dramatic productions of Greek and Shakespearean plays, many produced for the first time in this country, to know that her educational methods developed

Mrs. Elizabeth Morin

(Bonnie Jean Studio)

the perfect balance of all the faculties, physical, mental and spiritual. This is the meaning of the term Raja-Yoga, for as she said: "Raja-Yoga is an ancient term, meaning simply 'royal' or 'kingly-union' . . . 'in a word Character.'"

In 1897 when she purchased the property, Katherine Tingley saw, not the barren hills covered with scrub pine, but an answer to a dream she had long entertained, a childhood vision of a White City with little round white houses she would some day build in the "Gold land of the West."

She called the grounds Lomaland, and began her extensive building program for the school which was to become world-famous. Pioneer Cottage, now

house no. 9, was the first building erected and was used for the caretaker of the grounds. Building no. 1, long known as the Academy Building, was built in 1897-8 for a sanitarium, by Lorin F. Wood, M.D. In the beginning this building was used to accommodate resident members and their families. The Rotunda, after the glass dome was added, was used for assemblies, receptions, etc. Later, as the Academy, it was used by groups of girls and young children, their teachers and caretakers. The platform was built for the presentation of plays in which the children performed. The carving on the proscenium, as well as the mural decorations were the work of R. Machell.

The Temple, or Building no. 3, was built in 1900-01 and known later as the Temple of Peace. The main floor was used for public meetings and assemblies. The mural decoration and carving were the work of R. Machell and his assistants. Mr. Machell was a Fellow of the Society of British Artists, and is well known for his symbolical paintings. The upper floor of the Temple was used for art and music studios, and latterly some of the rooms were used for class rooms. The rooms in the crypt were used for storage purposes as well as for the large musical library of orchestra, band and chorus connected with the Conservatory of Music.

Headquarters Building, House no. 2, was the residence of Kath-

erine Tingley. The large rooms on the first floor were the reception rooms where groups of visitors and members from all over the world have been entertained. After Mrs. Tingley's death, while on a European lecture tour in 1929, her successor, G. de Purucker, used the building for his residence and offices for his secretarial staff. House no. 231, Holland Crest, was originally built and occupied by Prof. Daniel de Lange and his wife. He was the founder-director of Amsterdam Conservatory of Music in Holland. The house now occupied by Lt. Col. Leslie H. Wellman, No. 87, was built and occupied by Mr. and Mrs. A. G. Spalding, of sporting goods fame. He also was responsible for the bridges and stone walks that helped to beautify Sunset Cliffs. The Spalding house was later used as Library of the Theosophical University, containing 18,000 volumes.

The Greek Theater, used today by the Pt. Loma High School for graduation exercises, was built in 1901 and was the first Greek Theater built in America. It was patterned after the theater at Taormina, Magna Graecia (Sicily). The students, all of whom received musical and dramatic training in addition to their academic studies, gave plays such as Aeschylus' 'Eumenides,' and Shakespeare's 'Midsummer Night's Dream; As You Like it; and The Tempest. All the costumes used were made by the students, and were of

such beauty and detail that they have since been sold to State College for use in dramatic productions. Visitors from all over the world, as well as the people of San Diego, attended.

The trees, which are such a delight to the people on the Point, since they present a welcome relief from the usual dry terrain of California, were planted between 1901 and 1916. The rows of palm trees flanking Catalina and the main road entrance to the grounds were planted between 1901 and 1916. The pine in the vicinity of Building No. 1 were planted in 1901, as were the eucalyptus trees near Home No. 9. With a few exceptions the trees and shrubs were all raised from seeds by the boys in the Horticulture and Forestry class as part of their scholastic training.

Pupils from many nations and of all ages were enrolled in the boarding school. Classes were conducted in primary, grammar and high school grades. None of the teachers, professors, workers or officials were salaried. The entire system operated on a community plan, with each doing his share of the menial tasks. Katherine Tingley was a pioneer in what she called a universal system of education. Children in the Raja-Yoga school were taught that duties of the home were as important as studies in the classroom. They were prepared for life in every form and were instilled with a sense of brotherly love and patriotism. Mrs. Morin is the one remain-

ing member of the once large staff. She is the wife of Dr. H. E. Morin, now practicing in Los Angeles, who was on the staff of the dental clinic at the school. Following the sale of the property to the late George W. Wood in 1942, she became the manager of "Woodlands." The Raja-Yoga school was moved to the site of the Headquarters of the National Theosophical Society at Covina, Calif. Former students still visit the grounds, where a cottage is always available for their use.

Catholic Churches To Open One Week Mission Oct. 12th

Sacred Heart Parish of Ocean Beach will hold a one week's mission beginning on Sunday, October 12, announces Rev. Edward F. Hannon, the pastor. The mission will be preached by two members of the Oblate Mission band of Southern California, Rev. J. Leo Murphy O. M. I. and Rev. Thomas F. Ryan O. M. I.

"A mission," Father Hannon stated, "is a time of special grace; a time for serious thinking and fervent praying. And when those making the mission cooperate with the grace of God and properly dispose themselves by listening to the special sermons, thinking on them and praying, the purpose of the mission will be accomplished. For the mission has for its prime and immediate object to offer extraordinary opportunities for hearing the word of God and for worthily receiving the Sacraments." For these reasons, Father Hannon strongly urged all the members of the parish to attend and take an active part in all the exercises of the holy mission.

He also issues cordial invitation to attend the mission "to any non-Catholic who may be interested in learning more of the teachings and practices of the Catholic church. It is the purpose of the missionaries to explain the age-old truths and teachings of holy mother the church," he says. "Throughout the week, Holy Mass will be celebrated at 6, 7, 8, and 9 followed by a five-minute instruction. The mission services in evening will begin promptly at 7:30 o'clock and will consist of the recitation of the rosary, a short instruction or answers to questions, mission sermon and Benediction of the most Blessed Sacrament."

Mr. and Mrs. E. F. Bitzer of 4672 Del Monte have left for a month's vacation. They plan to visit Minneapolis, Minn., Canada, Buffalo, N. Y. and Frederick, Md. Mr. Bitzer's parents live in Frederick. While they are gone, Mr. and Mrs. C. W. Gray of Hollywood (formerly of Ocean Beach) will occupy the Bitzer home here.

Lions Club Receives Letter of Thanks From English Town

Bill Stone, who is on the Ocean Beach Lions club committee which is in charge of the Wyke Regis charity project, recently received a letter from Ronald D. Lee of the village, thanking the local group for their fine gesture, and telling of the life in post-war England. Mr. Lee's letter follows:

The Square,
9th Sept., 1947 Wyke Regis,
Weymouth,
Dorset.

Dear Mr. Stone:

Your letter of the 23rd gave me great pleasure. It is very nice to know that others, especially in another country, understand our difficulties, and your very kind offer of material help will be gratefully accepted.

In cases of either food or goods shortages, it is always the poor and middle classes that suffer, and I shall be only too pleased to distribute whatever you send to those who are in need.

Apart from the fact of living here, I am in the grocery business and therefore have a wide circle of acquaintances, and the amount and way in which they buy their groceries makes it comparatively easy to guess their financial position, also the way people dress and the changes of their outer garments (if any) help to confirm it.

A large proportion of the women go without stockings, primarily to save coupons for coats and dresses and secondly to save the money for more necessary items. You may be amused and it certainly looks odd, but on more than one occasion I have seen women in fur (!) coats, obviously relics of pre-war days, hat and gloves and no stockings! I couldn't resist a smile myself.

However, we have quite a number of customers in rather poor circumstances with three, four and even five children to feed and clothe, so that if we can help provide the clothes, it will leave more of the weekly pay packet to provide food.

Your weekly club must be a considerable source of pleasure and I am glad to know that many have been in England, I hope they have happy memories of the time over here.

Although my time is well occupied, thanks to our rationing, coupons and points, etc., under which we dole out meagre supplies, the work of distributing clothes will give me very great pleasure, and I will write to you as often as possible.

With very friendly greetings to you all.

Yours very sincerely,
Ronald D. Lee

Several were reported on the sick list this week. Among them is J. A. Pinley of 1971 Ebers, who also is at home recovering from a recent operation.

Stevenson of Canada, brother of club president Bob Stevenson; and Charles Stafford, brother of Evans Stafford. Stan Burkett of the Voltaire Furniture company was inducted by Woody Woodall as a new member.

The membership also discussed plans for their participation in the Community Chest campaign. Special hats were ordered to identify Lions club members doing active solicitation.

Discussion was also held on the prospective membership drive which will be started soon. The club will hold its joint meeting with the Ocean Beach Kiwanis club on Thursday evening, Oct. 23, in the Community Center.

Jim Stevens was appointed chairman of the committee which will handle the Ocean Beach student speech contest, part of the annual nation-wide contest.

Luckel Speaks This Week

Capt. Frank Luckel, state assemblyman from the local district, was scheduled as speaker for the Lions club meeting, held last night (Thursday). He was to tell of his experiences as a first term legislator in the recent session of the state legislature at Sacramento.

Probation Dept. Going On Air In Behalf of Youth

"Youth at The Crossroads," a new weekly program, will make its initial appearance Monday evening October 13th at 9:15 p.m. over station KFMB. Sponsored by the San Diego County Probation department and the California Youth Authority, the program deals with the delinquency problems presented in San Diego. It will offer suggestions to parents and other members of the community as to what they can do to help San Diego's children choose the right road and stay on it.

Charles T. G. Rogers, Chief Probation officer, and George McCabe, manager, San Diego office, California Youth Authority will be heard on the 13th.

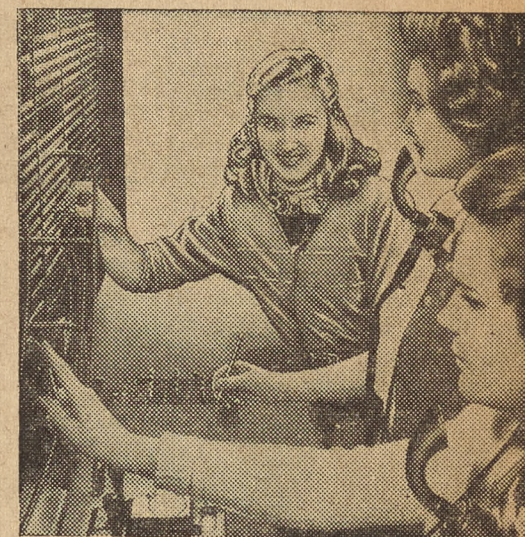

Mr. Rogers, in announcing the program, emphasized that this is a community program to combat a community problem. He urges parents and others to send in questions and topics for discussion on the air. Letters should be addressed to "Youth at The Crossroads," care of Probation Department, Court House, San Diego California.

Diary of Barbara, our newest operator

"First day at work... and I wasn't a bit nervous! I thought I would be, but the girl who is teaching me was perfectly wonderful. I practiced on a special board with one other girl and we had a lot of fun laughing about our mistakes. The work is interesting... and I'm paid regular wages while in training."

"I met lots of friendly girls in our comfortably-furnished lounge... that's where we get acquainted and enjoy refreshments during leisure periods. All the girls I've met seem to feel that being a telephone operator isn't just another job... they say it's a real opportunity for a girl to do helpful, important work that benefits everyone in town."

"I'll get three raises the first year, then a week's paid vacation... two weeks after two years. I know I'm going to love my job..." We want you to enjoy your job, Barbara. You'll have the security of sickness benefits and a fine pension plan, too. And it's important work—the life of the community and of the country flows through your magic switchboard."

New Working Dollars... Millions of new dollars needed to build buildings and buy new equipment to meet the public demand for more telephones and more service do not come from tele-

phone bills. New dollars come from people who are willing to put their savings into the business. We must earn enough to attract these new working dollars.

STATE COLLEGE NEWS

(By Joan Hollobaugh)

The campus at State was the scene of big happenings last week-end, and an enthusiastic student body and Aztec supporters made the most of the celebration. A rally was held Friday night on the practice field to coincide with the annual lighting of the "S" on Black Mountain, and was highlighted with the appearance of the song and yell-leaders, and the Aztec majorettes in their snappy costumes. Darlene Laughery, U. S. "champ" of the baton twirlers, and a State student, put on a mighty fine exhibition of fancy twirling. After the rally, there was a free dance in the gym with Kenny O'Neal furnishing the music.

The following night, October 4, State romped all over the valiant Cal Poly Mustangs to the tune 56-13, at the Aztec Bowl. During the half, the Aztec band, with Majorettes Marion Caster, Jo Ellen Weitzel, Barbara Schmidt, and Darlene Laughery providing a nifty eye-ful of entertainment, and afterwards Coach Shutte was introduced. The annual push-ball contest was held between the frosh and sophomores, and the sophomores won the fracas, although the ball was at a stand-still most of the time, until the "sops" rolled it into freshman territory. The Cal-Poly section was represented during the half by two horses with gaily clothed riders seated upon them. One of them decided to rear, sent his rider spinning, and took off like thunder; that was the only time during the whole show that a Mustang looked like trouble. "Greek Nite," an Inter-Frat, Inter-Sorority Open dance, was held in the gym after the game, the theme being carried out by yards and yards of white crepe paper representing Grecian pillars and columns. Kenny O'Neal's very popular orchestra played, and there was intermission entertainment to complete the evening.

Ethel Williams, a freshman, joins her sister Nancy, a senior, in teacher's training. Ethel spent a few weeks in Chicago during the summer, while Nancy worked at the San Diego Chamber of Commerce. Nancy went to the A. W. S. Pom-Pon dinner, an annual event, before the game, in the Women's gym. Both Nancy and Ethel and their dates enjoyed the game Saturday night and the after-dance.

Joan Swanson, another Aztec enjoying the game Saturday, is a sophomore and a major in commerce. Joan took time out from working at Sears during the sum-

mer to go vacationing in the Lagunas.

Charles Harris is working nights at Convalr and going to school during the day. Chuck who saw State polish off Cal Poly, took a trip to Yosemite last summer.

Eleanor and Priscilla Ingham have discontinued their studies at State and are just taking it easy for awhile. During the summer they spent some time in San Francisco.

Herold Holmerud, a sophomore majoring in Chemical Engineering, spent his summer at Yosemite, working, that is. Herold, with Johnny Traxler and Johnny Percival, went to the rally and the game last week-end. We saw Herold and Johnny Percival right in there during the push ball fracas.

Irene Kimball is another former Aztec. She is going to business school at night and working by day as chair assistant to Dr. Parks on Chatsworth. Mildred Freakley has also forsaken State for business school.

Ed Klosterman is still at the University of Nevada, where he has been during the summer. Ed is a sophomore majoring in Engineering.

Dwight is a former Aztec now at U. C. L. A., majoring in philosophy. Dwight spent the summer at Pacific Beach, life-guarding.

Former State student Jerry Hunter is at Berkeley after spending a summer working at the Rosecroft Begonia Gardens, a family concern. Jerry, a junior, is majoring in Ornamental Horticulture.

Marie Little, freshman with a general major, was at the game and dance with Don Huckaby. She was active in the lighting of the "S" Friday and attended the after-dance. Marie spent the summer at Cuyamaca as a councillor at a Girl Scout Brownie camp.

Walt Marshall is doing graduate work at State and practice teaching at San Diego High School in biology. Walt put in a busy-week-end at the rally, the game and the after-dance, and went to the mountains with his Tau Delta Chi "frat" brothers for a rush party.

Among other Ocean Beach Aztec at the affair Saturday night were Martie Jacobsen and Jim Moran, Jay Timmons and Margery Castles, Hank Purdy and Gerry Wallendorf, Rich Albrecht and Joanne Sikes, Adele Hardie and Beverly Lake and their dates, Tommy Brogan, George Rye, Bob de Guevara and their dates.

Evelyn Petty held an interesting job at the Naval Hospital during the summer, working as a receptionist in the recreation department. Evelyn is a freshman and a music major.

Phil Taylor, who is majoring in Civil Engineering, worked at a lumber company during the summer. Phil, a junior at State, went to St. Louis in June, where he saw the big floods of the Mississippi on a rampage. He saw lots of water on this side of the country, too, from the beach at Old Mission.

Mrs. Hodge exclaimed.

Pt. Loma P.T.A. Plans Active Yearly Program

Point Loma High School parents and teachers have planned an active year according to the various chairmen of committees of the P.T.A.

Worthwhile and interesting programs, arranged by Mrs. Drummet, program chairman, will begin with Dr. Robert W. Bergstrom's talk following the annual dinner on November 4. The place of sports in the physical education program will be the theme of the evening, the speaker being the director of physical education for the city schools. Other sessions to follow will include matters pertinent to parents, teachers, and their relationship to the students.

Mrs. Edward C. Person, who assumes the presidency for the second year, stresses that the aim of the Point Loma P.T.A. unit is to have the confidence of, and work for and with, the student body. Student welfare, as administered by Dean Mary Maull in co-operation with the association, is always a project of vital interest to its members. Encouragement and assistance of student activities comes next, according to Mrs. Person. She states that the unit has in recent years expressed in a tangible way its belief in student government by its gifts to the student commissioners for the furnishing of their meeting room.

At the first executive board meeting on October 7 the leaders of the unit voted to assist the students in buying uniforms for the school band. Toward this, and the welfare activities, the funds from the annual rummage sale on October 22 and 23 will be directed. Mrs. George Singer, chairman of the sale and treasurer of the unit, urges all parents and friends of the school to take their cast off clothing, household articles and miscellaneous items to her home at 3215 Tennyson, or telephone her at B-3096 and the rummage will be picked up.

The membership drive now in progress is reported by the chairman, Mrs. L. R. Jefferson, to be successful. She reminds fathers, as well as mothers, that they are wanted as members of the Point Loma High School P.T.A.

85 Pupils Local School Visit Zoo In Body Oct. 9th.

Eighty-five children of the Warren-Walker School went to the San Diego Zoo Thursday, October 9. Morning and afternoon groups were organized for a conducted tour to observe the animals. The pupils' reports of this educational excursion were so enthusiastic that plans are underway to take additional groups from the school on a similar trip, reports the school staff.

Three new teachers have been welcomed to the teaching staff of the Warren-Walker School. Mrs. Elaine Marshall and Mrs. Naomi Wallman have been added to the Junior high school and Intermediate departments. Mrs. Merritt Carr is supervisor of the nursery.

Word was received here last week that Sam Petcher, who formerly was employed at Marc's Sportswear store, has been ill for some time in Chicago, Ill. where he now makes his home.

TRAFFIC TIPS AND HOT SPOTS
(By San Diego Police Dept.)

Darkness doubles traffic troubles! Don't hit a pedestrian or a car without a tail light because your headlights failed to show the danger until too late. The San Diego Police department, Traffic division, says to stop within the distance your headlight beam reaches.

The Division, conducting a Back-to-School Safety campaign, has one question for you who drive cars: Could you stand to look at a child you had killed? Then please look for them when you drive. Look for them playing near the curbs; look for them in the middle of the block as well as at intersections; look for them to do unexpected things; look for them all the time in school and residential neighborhoods. Look and help keep them alive.

If you get hit by a car while you're on foot, the chances are two out of three it's your fault. Sergeant Bill Thien, Head of the Traffic Division, reports that two-thirds of the pedestrians killed or hurt in San Diego were either violating a traffic law or walking carelessly. Jaywalking between intersections led all other violations.

National car registration figures show that old age is creeping up on the family automobile. The average passenger car now on the road is between five and nine years old, according to completed records for last year. Police Chief Clifford E. Peterson says the combination of older cars, and more of them, means San Diego motorists should make doubly certain that their brakes and lights are in good shape.

Loma Portal Civic Club Loses Fight On Multiple Units

The Loma Portal Civic club recently lost its fight to enforce restrictions against multiple-family units being built and occupied in the area under its jurisdiction when Superior Judge Dean Sherry ruled that Jordan Batjakas, owner of a house at Rosecrans and Lytton Sts., could rent it as a double family dwelling.

According to evidence presented, the house had been occupied by two families since 1935. Only recently however had the place been remodeled to make two separate units of the building. The judge declared that the Civic Club had not proven reasonable diligence in enforcing the purported restriction, and also that there is no enforceable clause in Batjakas' deed.

The Civic Club is a non-profit organization working with the Planning Commission to protect homeowners rights in preserving Loma Portal's exclusive residential area.

DePoe St. has been changed to Sunset Cliffs Blvd. and made the only continuous road from the bay to the ocean.

At the suggestion of the local Woman's club, a joint meeting was held, at which the Woman's club, Chamber of Commerce and Business Men's Association round tabled affairs of community interest.

Here's one for the book: Mr. and Mrs. R. W. MacDonald, then proprietors of the Newport Hotel, spent their vacation away from their own resort-home, basking in the sun at Warner's Hot Springs.

William L. Near, local entry in the Ford race at Mission Beach spent the week warming up his "hot rod" and having his picture taken for the local bogle. (What are we saying?—that's us!)

And youngsters were reminded that one of the few items their hero Charles Lindbergh took with him to Paris was a toothbrush.

BRIEF NEWS

Maj. O. Brosseau of 4814 Brighton Ave. last week announced that he is the grandfather of a girl born to his son and daughter-in-law, Lieut. and Mrs. O. J. (Buzzy) Brosseau of Long Beach. Lieut. Brosseau is a graduate of Point Loma high school where he was president of the Student Body association in his senior year. He was graduated with the class of 1936.

Mrs. Lillian Kline Merritt of Yucaipa, Calif. has been the houseguest of Mrs. Flora M. Loftus of 4952 Coronado for the past two weeks. During her Southland stay here the ladies went to Los Angeles and Hollywood for a little sightseeing. They also visited with Mrs. Merritt's son William, who is a designer of motion picture sets in Hollywood. He is a former student of Ocean Beach schools.

Bridges Mansion,
P. L. Landmark, Cut
Into Two Houses

Now you see it, now you don't. The A. S. Bridges home, landmark of Pt. Loma at 3637 Curtis, has been separated with a clean cut down a central hall and now half of it stands 13 feet away at 3638 Alcott St. It will be sold by the owners, Maj. and Mrs. Gage Brenne-man. The half remaining on the original site will be retained by the Brennemens for their

The late A. S. Bridges built the 20-room mansion in 1914. It contains an elevator, a shower with five sprays and two hot air vents for drying, mahogany woodwork, and even a mahogany floor in the huge living room. The original five-acre estate required 12 gardeners to keep it up. It has now been subdivided into lots bordering on Chatsworth Blvd. Two and one-half acres remain with the mansion.

To divide the house, the Brennemens requested the City Planning Commission to let them cut it in half or remodel it into a duplex. The remodeling was vetoed but the proposal to run a new property line down the middle of the central entrance hall was approved.

The entire third story was removed. The Brenne-man's half of the house has the automatic elevator while the west half of the house which will be sold contains the immense living room. Each side will have three bedrooms and three baths. Selling price of the west side, including a lath-house with a two story garage, is reported to be \$47,500.

FUNERAL RITES HELD FOR
MRS. LILLY NEAL MONDAY

The funeral of Mrs. Lilly Neal of 4747 Voltaire St. was conducted at 10 a. m. Monday, October 6, at the Bonham Brothers chapel, with Dr. George Williams officiating. Mrs. Neal died Thursday, October 2, after a long illness. She formerly was an active clubwoman and a supporter of local music groups, also active in the Amphion club, the San Diego Women's Philharmonic association and the Episcopal church, and a former member of the Athenaeum and San Diego Women's club. Mrs. Neal came here 23 years ago from Butte, Mont. A native of Devonshire, England, she had lived here in the United States 53 years.

Bereft are three daughters, Miss Ruth H. Neal, a teacher in Mission Beach, Mrs. Alice Gilpin of San Diego and Mrs. Gladys Koch of Hastings, N. Y.

Mrs. W. C. Pomeroy of Amarillo, Tex. is currently the houseguest of Mr. and Mrs. John Clarke of 4761 Niagara. She arrived last week and plans to stay for a longer period.

Annual "Tea" For Door Of Hope To Be Held Monday

Annual "Tea" and "Open House" at the Door of Hope home at 2301 Bolinas St., Ocean Beach, will be held Monday, Oct. 13 from 3 to 6 p.m., Mrs. Jerry Sullivan, secretary-treasurer of the Door of Hope Home Guild, sponsors of the event informs The News. This "tea" is an annual event held preceding the Community Chest campaign for the purpose of giving the public an opportunity to visit one of the most worthy agencies which the Chest supports. Mrs. Sullivan announces that the Guild urges all women interested and especially the local Kiwanis-Annes to visit the Home Monday afternoon.

The Home, operating as part of The Salvation Army program, is a maternity home and hospital providing pre-natal, confinement and post mortem care in a home-like atmosphere for unwed mothers. Mrs. Ralph Russell, president of the Guild, indicated in explaining the functional service rendered the community by this agency, "case work services are available to assist in the rehabilitation of mothers and in planning for the child."

"The annual tea," continued Mrs. Russell, "is our way of inviting the residents of San Diego to the Door of Hope Home, and to allow them to see for themselves where and how their contributions to the Community Chest are spent."

Recent service statistics at the Community Chest revealed there were 70 babies delivered at the Door of Hope Home, while 179 individuals received care and 8,495 days care was rendered by the staff.

Adjutant Birdie Martin, superintendent of the Home, announced that the Community Chest allocation for these services last year amounted to \$16,301.76.

Mrs. Robert Frazee, vice president of the Guild, and chairman for this year's annual "Tea," announces Mrs. Henry Foster, chairman of hostesses; Mrs. Lee Harris, tea decorations chairman; Mrs. R. M. Switzer, chairman of telephone committee, Mrs. Jerry Sullivan and Mrs. Allan Klauber, chairmen of the Food committee and Mrs. George A. Scott, chairman of publicity.

Scheduled to pour at the "Tea" are Mmes. Harley Knox, Fred Rhodes, W. H. Porterfield, Fred B. Mitchell, Allan S. Klauber and George A. Scott.

A conversation with "Daddy" in far away Saipan, was held by the Robert Pyle family of 4878 Saratoga Ave., on a short wave radio set. Pyle is a chief aviation machinist in the U. S. Navy and has been away four months, with 14 more to go. The call was made from the home of B. Davis of 4728 Del Mar Ave., last Friday at 6:00 a. m.

The complete family of three youngsters and Mrs. Pyle took part. The children are Larry who is five years old, Danny three and Kathleen one. The call was a real family get-together and lasted an hour. Mr. Pyle reported the weather to be beautiful there but with considerable rain. money as the National champs. Our own San Diego City tournament will be held the latter part of March, date yet unknown.

Last, but most important right now, is the annual "HI-LO" Friendship Doubles tournament to be held at the San Diego Bowling Academy, Oct. 25 and 26. This is strictly a fun, (get acquainted with your high bowlers) tournament. Several of us greenhorns from Ocean Beach bowled in it last year and came out winners. (your good partner helps). Let this be your first experience at tournament play and we hope Ocean Beach will be well represented. Remember, you must have an established summer or winter average of 21 league games or more and paid up dues in the W.I.B.C. Entry fee is \$1.50 per person.

Mrs. Charles M. Allen of 4849 Saratoga this week announced that a baby daughter was born Oct. 4 in San Francisco to Mr. and Mrs. Jason Vanderpool of that city. Mrs. Vanderpool is Mrs. Allen's daughter and enjoyed a visit with her mother for a week or so before the baby was born.
